Welcome to Westmont Village - Assisted Living Apartments

1. Introduction

The purpose of this booklet is to provide general information on Westmont Apartments – part of the retirement Village project of Westmont Aged Care Services Ltd at Baranduda.

It will provide answers to the most commonly asked questions and will assist you in making your decision on entering one of our modern purpose built Apartments.

This booklet forms part of our total information package. Should you require an information package, or if you have any questions, please contact the Village Manager.

2. Background Information

Westmont Aged Care Services Ltd commenced operations in August 2004. For many years and prior to this operations were as Vermont Court Elderly Persons Home and Westlands Hostel at their respective sites within the City of Wodonga. In December 2008 operations commenced as Westmont Homestead at Baranduda. In April 2010 Westmont opened the first stage of our Village in the form of 20 one bedroom Assisted Living Apartments and Community Centre .

These developments continue the Westmont Strategic Plan of providing for “ageing in place” - a Commonwealth Government supported policy for the provision of aged care services.

Westmont Village was established in November 2009 with registration under the Victorian Retirement Villages Act 1986.

3. Retirement Village Act 1986

This Act has been gazetted to ensure that the rights and responsibilities of Village owners, operators and residents are clearly stated. Contact Administration If you wish to view the Act - a loan copy can be made available to you.

Westmont and each resident is subject to the terms and conditions of the Agreement, as defined in this booklet. Should you wish clarification of the terms of the Agreement, you may enquire with Westmont Management or seek appropriate legal advice.

4. Westmont Village

Westmont Village currently consists of forty (40) one bedroom Assisted Living Apartments in Stage 1 and 2 and 123 two and three bedroom Villas. All Westmont residents may enjoy the use of both the Community Centre and the Ray Snell Recreation Centre incorporating lounges, function centre, dining and bar facilities as well as meeting rooms plus indoor and outdoor bowls.

The existing Apartments have been built in two stages.

5. Availability of Apartments

If you wish to be placed on the waiting list for a future Apartment, please contact the Village Manager.

6. The Right to Occupy and Lease Agreement

The Right to Occupy

Residents do not purchase an Apartment, but rather lease from Westmont. Please note the right to occupy is for the person/s named on the lease. Any other person residing in the Apartment will need to vacate the Apartment if the lessee vacates for any reason what so ever. Westmont will consider allowing a resident not named on the lease to remain in the Apartment provided that resident enters into a Lease Agreement with Westmont and pays the lease premium.

What is a Lease Premium ?

Residency in an Apartment is provided by the Lease Agreement. This means that the resident makes an ongoing contribution to Westmont Aged Care Services Ltd called a lease premium and in return the resident receives a right to occupy the Apartment under the terms and conditions of the lease.

When the residency ends and another lease premium is received (or in accordance with the agreement) the departing resident receives the amount of the original lease premium reduced by a deferred payment amount.

The details are expressed in the Lease documents which is signed when a commitment is made to live in the Village. The right to occupy commences when the lease premium is signed. Payment of the full lease premium is due to be settled shortly after moving into the Apartment.

What are the benefits?

Because there is no change of ownership involved, the resident is not subject to stamp duty, or title registration fees on entry. This is a significant saving compared with the purchase and sale of a similar property or Apartment in the community, this can save thousands of dollars. Fees for preparing the lease will apply.

How does Westmont Aged Care Services Ltd use the lease premium?

The lease premium on an Apartment covers the cost of construction and a share of the cost of other Village amenities. Part of each subsequent lease premium contributes a component to the operating surplus which gives Westmont Aged Care Services Ltd the capacity to:

- Carry out periodic upgrades and refurbishment to facilities
- Adapt facilities to the changing expectations of residents/clients
- Update and improve common use facilities
- Provide an equity component for the financing of expansion.

The Lease Agreement documents will be available for perusal by you and/or your solicitor prior to any contractual commitment. It is recommended that you seek legal advice.

How secure is the lease premium?

Westmont Aged Care Services Ltd has been in operation since August 2004 and its precedent bodies for many years prior to that.

All accounts and records are prepared in accordance with Australian Accounting Standards and Department of Health and Ageing requirements. Company audited statements are available on request.

Funds are available to repay the balance of the lease premium on exiting Westmont Village, as calculated according to the agreement.

Residents will be provided with, and required to sign, a Lease Agreement that will set out all terms and conditions of retirement living at the Village.

It is strongly recommended that you obtain independent legal advice before signing any documents.
